10" Frying Pan with Lid

BEFORE USING YOUR COOKWARE FOR THE FIRST TIME

Wash in hot, soapy water. Rinse well and dry.

USE & CARE

Before first use, please remove any stickers found on the cookware and rinse all the pieces with hot, soapy water.

Use low to medium heat when cooking. Excessive pre-heating of empty cookware may cause damage to cookware. **NEVER Dry Heat the Non-Stick Cookware. Non-stick coatings can produce vapors harmful to birds, when heated without food in the pan at temperatures over 400 degrees.**

We strongly recommend the use of plastic or wooden utensils with non-stick cookware. To prevent damage to the non-stick coating, do not cut food in the cookware.

The cookware is suitable for gas, electric and ceramic stoves. Choose a cooking element according to the diameter of the pan/pot to avoid losing heat. Please note that the handles can get hot while cooking. Use an oven cloth or mitt for protection.

Bravetti cookware can be washed in your dishwasher. When cleaning your cookware, do not use abrasives such as scouring pads, oven cleaners or sharp instruments as they may scratch or damage the non-stick coating. To clean, use warm, soapy water. To prevent water spots after washing, rinse with hot water and wipe dry immediately.
